### EASY COMPUTING, FOR ANYWHERE EDUCATION

The 300e Notebook has a yoga-type design that can be used in any education environment. Its multiple modes — laptop, tablet, tent and stand — make it perfect for students and teachers alike. This Notebook is built rugged to withstand everyday bumps and drops, with a spill-proof keyboard. • Latest Apollo Lake processor, LPDDR4 memory and additional options for fast storage, the 300e Notebook is ideal for classroom and campus usage. • Equipped with an eMMC storage, a low power consumption storage that works fast and can last a complete day with a single charge • The IPS HD Touch display gives freedom to do a range of tasks at ease. The 300e also comes with Active pen support that provides pinpoint accuracy and pressure sensitivity, resulting in a natural pen and paper experience while sketching and making notes.
